

D.I.Y Booklet Binding Instructions

Please print the PDF file of your selected issue.

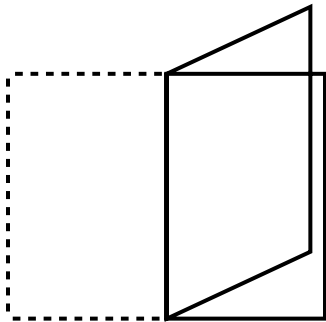

Make sure to print double-sided, with flipping / binding on the short edge.

Follow the instructions in this manual to bind your own booklet.

You will need a pen or pencil, a ruler, and a pair of scissors or an X-Acto knife.

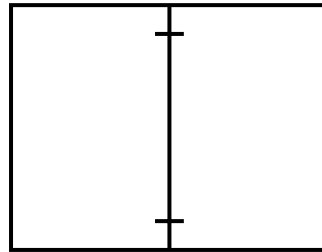

D.I.Y Booklet Binding Instructions

2

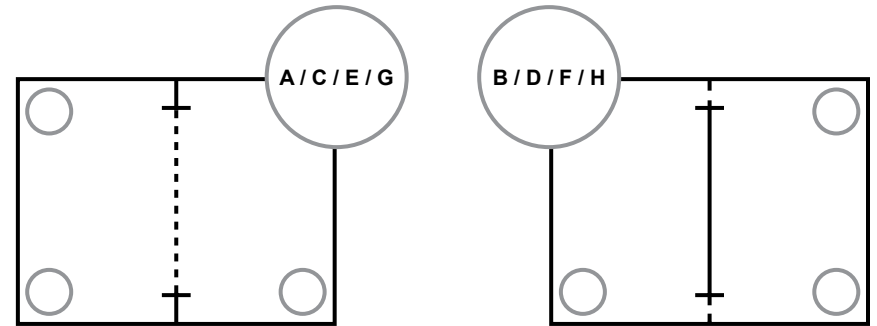

1

Fold all sheets in half.

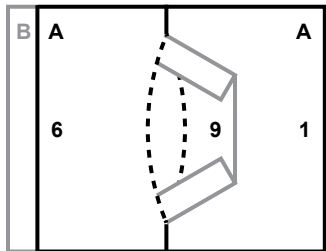

2

On either side of every sheet, make a 1-inch mark from the top and bottom in the center.

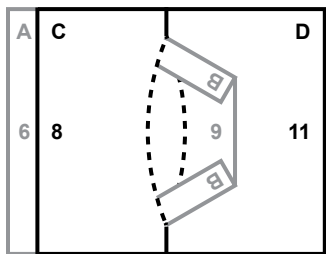

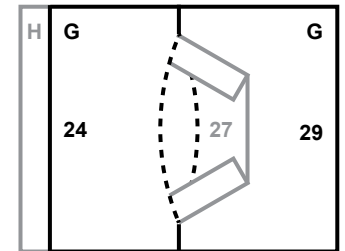

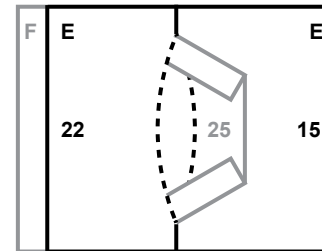

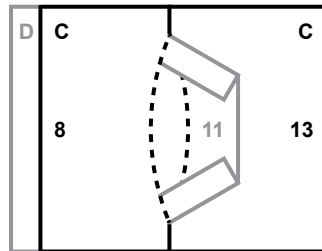

3

Cut an opening in the center for sheets marked as A, C, E, and G. For sheets marked as B, D, F, and H, cut to the edges.

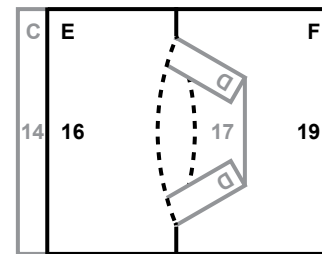

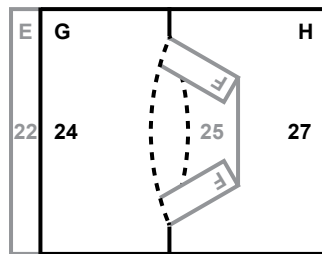

4

Insert page 9 into the open slot between pages 6 and 1. Follow the diagrams above and insert page 11 between pages 8 and 13; page 25 between pages 22 and 15; and page 27 between pages 24 and 29. Pay close attention to which side of a sheet is being inserted and which pages are facing up!

5

You should now have four stacks of interlocked sheets. Insert page 9 into the open slot between pages 8 and 11; and page 25 between pages 24 and 27.

6

Finally, with the two remaining interlocked stacks, find page 17 and insert it between pages 16 and 19. You now have your own copy of the booklet!
